Ready for Local Retailers

MOQ 20 pcs

Fast U.S. Shipping

Retail Ready

# Why Retailers Choose Us

---

With 17 years of sourcing experience, we help independent retailers grow with retail-ready jewelry, low MOQs, and dependable supply.

## Low MOQ

Start with 20 pieces or a mixed box to test demand before making a larger investment.

## Fast Shipping

Products ship from our U.S. warehouse in retail-ready packaging, ready for display upon arrival.

## Quality Assurance

Every piece is inspected before shipment to reduce defects and protect your store's reputation.

## Premium Value

Designed with the right balance of quality, style, and value—not just the lowest price.

## Quick Restock

Quick restocking and similar product recommendations help keep best sellers on your shelves.

## Partnership

From private labeling to custom sourcing, we support your business as it grows.

---

**Better products. Better margins. Better retail.**

Email your PO or order list to  
sales@elarlace.com

3

### Quick Invoice & Ship

Receive your wholesale invoice within  
**12** hours, and your order ships straight  
from our U.S. warehouse

## FAQ

Q1

What is your Minimum Order Quantity (MOQ)?

We offer two flexible options: you can either choose our curated 20-piece mixed styles set, or 20 pieces per 1 style depending on your store's inventory needs.

Q2

How fast do you ship, and what about new arrivals?

All items are stocked in our U.S. warehouse for rapid shipping and faster restocking within 3–7 days. Plus, we launch fresh, original niche designs every two months under the same low MOQ 20 to keep your storefront constantly updated.

Q3

Do you provide any marketing, display, or sales support?

Yes! We provide free social media photo/video assets, visual display plans, and one-page staff sales guides (with selling hooks and care tips). Gold distributors also receive complimentary premium in-store display stands.

Q4

What are your packaging and return policies?

Every piece comes with its own premium retail-ready gift box, saving you all secondary packaging costs. For any defects, photo proof is enough for replacements—no complicated returns or shipping hassle required.
